

Two chickens are standing in a grassy field. The chicken on the left has a white head and a dark, almost black body. The chicken on the right has a white head and a speckled, greyish body. Both chickens have a large, rounded white crest on their heads. They are facing away from the camera, looking towards the right. The background is a lush green field with some small yellow flowers.

premiers concerts.
Je d'manderai à
Michel de me placer
derrière...
